EXPERIENCE

Stacks Student Assistant

University of California, Davis, CA
March 2020 - August 2022

Assisted students and visitors in navigating the library and helped them in locating books. Sorted and shelved books that had been returned, in addition to straightening and reorganizing misplaced books to ensure they were easily located and accessible

Undergraduate Tutor

University of California, Davis, CA
September 2021 - December 2021

Provided feedback to students to help them improve upon their designs and code development. Assisted students using HTML, CSS, and JavaScript with problems they encountered and features they wanted to implement

Intern

Studio VARA, San Francisco, CA
July 2019 - August 2019

Organized sample materials while making sure they were up to date and in stock by contacting vendors. Assisted in facilitating office move by helping to clean, label, and organize items before moving them. Updated and edited client information for newsletters, while doing office research and providing my assistance as needed around the office

Bookseller

Barnes & Noble, El Cerrito, CA
March 2018 - June 2018

Assisted customers in finding books and other items around the store. Organized and reshelfed misplaced items while managing the cash register

Communications Developer

TechFutures, El Cerrito, CA
September 2017 - June 2018

Managed TechFuture's website on WordPress by updating and publishing new content. Responsible for creating social media posts in addition to designing the Information Technology Academy's graduation presentation and organizing student's information into graduation programs
